

VISION

To be recognised as the international institution delivering a higher education and conservatoire performing arts training with outstanding teaching and learning opportunities whose graduates make, perform and support creative work of the highest calibre.

MISSION

To sustain and enhance our vibrant diverse knowledge based community in which the staff student learning partnership is of paramount importance.

Student Experience

Places the student at the centre of the learning experience and partnership being supportive and challenging to enable the best from each individual.

Is a first choice institution for talented, motivated and determined students from across the world celebrating diversity and embracing uniqueness.

Engages with classical, contemporary, innovative and eclectic work through collaboration, teamwork and interdisciplinary practice.

Teaching and Learning

Promotes a commitment to life long learning, independence of thought, intellectual rigour and personal and professional integrity.

Has a dynamic vocational and knowledge based curriculum reflecting best practice, new publications/paradigms and outcomes from cutting edge professional active practice.

Recognises and embraces its educational and social responsibility to supporting access to the arts.

Scholarly Research and Performance Practice

Challenges and assesses intellect and knowledge acquisition through both theory and practice.

Actively seeks partners and collaborators from across the globe to develop its teaching, learning activities, scholarship and knowledge contribution to the disciplines delivered.

Supports and advocates engagement with publication, citation, conferences, festivals and continued professional practice and development.

Employability

Encourages and nurtures creative and business innovation and entrepreneurship.

Embeds the knowledge, skills and professional ethics valued by the industry and provides access to industry standard resources.

Brings world leading practitioners, top industry specialists and agents into the studios and performance spaces.

VALUES

• Excellence • Expertise • Creativity • Artistic Growth of the Individual
